V1:

My lonely heart

Is falling apart

My heartaches

With every heartbreak

My time with you

Can never see it through

You Run

Means that we're done

B1:

It's too soon

Heartache

To see us bloom

C:

Runaway, everyday

Lonely heart, lonely ways

See it true, see it new

Only you, never you

My pain is you're game

Now my life won't be the same

With this heartache

V2:

My mind is twisted

But really gifted

Heartache

You're pain

Is my rain

You're shame

Puts me to blame

You win

And I sin

B2:

Call it what you will

But at least stay still

Chorus

V3:

Heartache

We put everything to shame

With this little game

My life is gone

When you are wrong

Call it as you see it

Weakens as you see it

You're my misery

And its only me

Chorus (2x)

B3:

My lonely heart

Is falling apart

Heartache

You're little game

Puts me to shame
